

# GEO AquaWatch Secretariat Node Hosting - Expression of Interest Application

In an effort to more effectively serve the water quality community, The Group on Earth Observations (GEO) AquaWatch Initiative is expanding through the formation of regional and thematic nodes. GEO AquaWatch invites government agencies, research institutions and NGOs to submit an expression of interest to host a node to the GEO AquaWatch Secretariat's principal office.

Expressions of interest should be submitted through the brief online form no later than September 30, 2021.

Review and consideration of applications is expected to commence immediately upon receipt. Early applications are encouraged.

For more information, read the community announcement here:

<https://www.geoaquawatch.org/wp-admin/post.php?post=1378&action=edit>. If you have any questions, don't hesitate to reach out to Steve Greb, Director of GEO AquaWatch at [srgreb@geoaquawatch.org](mailto:srgreb@geoaquawatch.org)
